LOCAL GOVERNMENT

EXPLANATORY NOTES

1. Local Governing Bodies in New South Wales comprise Municipal, Shire, and County Councils. Seventeen of the municipalities have been proclaimed "cities". With the exception of the Sydney County Council, all councils are regulated by the Local Government Act, 1919, as amended.

2. The statistics given in this publication are mainly financial, and include, *inter alia*, details of revenue, expenditure (from revenue and loans), capital indebtedness, property valuations, and rating. The comparative summary tables relate to 1957 (in a few instances, 1958 or 1959) and earlier years, and the detailed statistics in respect of individual councils relate mainly to the year 1957.

3. Local government activities are classified broadly as follows:—

(a). *Ordinary Services*. This group includes roads and footpaths, sanitary and garbage services, parks and reserves, council properties, housing, health and public services (for details see Tables 10 and 11). These services come within the scope of each council's general fund, and special and local funds which are similar in nature to the general fund.

(b). *Trading Undertakings*. These are for the supply of electricity, gas, water, building materials, and the provision of abattoirs and sewerage. Separate funds are kept for each undertaking.

4. Particulars of Ordinary Services expenditure, as shown in the summary tables, are not presented in the same form as in the statements of revenue accounts prepared by councils. The accounts of councils are composite in character and show in combination expenditure from both revenue and loans. In the summary tables, however, expenditure from each source is shown separately—expenditure from revenue in Tables 8, 11, and 12, and expenditure from loans in Tables 14 and 15. By such means, particulars of councils are shown in a form which is more commonly used by public authorities.

5. Ordinary Services expenditure as appearing in Tables 25 and 49 is in the same form as in councils' accounts, and therefore, differs, from totals shown in the summary tables, which have been adjusted as described above. Expenditure on such services as parks, baths, markets, and property, which has been capitalised, is not included in these tables, but is shown in total in Tables 26 and 50.

6. The revenue and expenditure of trading undertakings are shown on a "profit and loss" basis, the same form as in the accounts prepared by councils.

7. Information relating to the Metropolitan Water, Sewerage, and Drainage Board and the Hunter District Water Board is shown in Tables 71 to 79.

8. The following changes in local government areas were effected during 1957. Minor changes in area are not listed.

‡ In addition, there are 54 county councils providing services over more than one municipality or shire. See Tables 63, 66, and 69.

No. 2. Municipalities and Shires : Valuations of Rateable Property, 1949 to 1959

The *Unimproved Capital Value*, as shown below, is the amount which the fee-simple of the land might be expected to realise if offered for sale on such reasonable conditions as a *bona-fide* seller would require, assuming the improvements thereon had not been made.

The *Improved Capital Value* is the amount which the fee-simple of the land, with improvements and buildings thereon, might be expected to realise.

The *Assessed Annual Value* is nine-tenths of the fair average rental of land with improvements thereon.

They are comparatively small for other councils, which borrow usually on terms requiring repayment by yearly or half-yearly instalments.
† Comparison is affected by amalgamations of municipalities and shires and by the formation of county councils.
